**Subject: MockV Part Number Changes**

Dear Customer,

We are pleased to announce MockV Solutions is now part of Cygnus Technologies, the leader in bioprocessing impurity analysis. This memo is to assist in understanding part number changes which will be implemented as a result of the integration. The products and components are unchanged as the change is for the product part number only, therefore, there are no impacts to the Quality Management System and/or products. Please see the table below for products impacted.

MockV Part #	MVM Product Name	Cygnus Part #
C1219	MockV™ MVM Kit	M219
C1201	mAb Coated Microplates (3 plates)	M220
C1202	Spiking MVP (1E12 MVP/mL)	M221-1
C1218	anti-MVP mAb conjugate (Lyophilized)	M222-1
C1220	Assay Diluent, 5X (30ml)	M001-30
C1206	Plate Wash Buffer 1 (50ml)	M002-50
C1217	Plate Wash Buffer 2 (20ml)	M003-20
C1208	Sample Recovery Buffer (30ml)	M004-30
C1209	2X Master Mix	M005-1
C1210	Forward Primer, 1X	M223-1
C1211	Reverse Primer, 1X	M224-1
C1212	6-FAM™ Probe, 1X	M225-1
C1213	Nuclease-Free Water	M006-1

Cygnus continuously strives to provide you with the highest quality products and services, we hope that these changes will result in as little disruption to your processes as possible. Please forward a copy of this notification to those in your organization affected by this change. If you have any questions or concerns, please feel free to contact our Customer Services Department.

Sincerely,

Jason Boykin
